### Superintendent's Highlights

We have worked this year to raise our ISAT scores, and we believe we have been successful. We have revamped our special education program and our students are now receiving excellent services and are also making good academic gains. We are pleased with all our students' academic progress and believe they have had a very good school year. We have rejuvenated our student council and these students have been active in school and in the community spearheading community services. Our National Honor Society students have also been working in our community and helping with several different service projects. Our student athletes haven't always outscored their opponents, but they are at least learning teamwork and building strong characters. Our seniors have "raised the bar" for their successors, and we all believe the new seniors will continue to set new standards.

### Progress Towards Meeting District Goals

2003-04 Goals	Progress
Raise our academic achievement.	ISAT scores appear to be much improved.
Increase student involvement in activities and school affairs.	Student council is more active and participation rates are up in activities.
Determine if we can have a summer school.	Application will be made in 2004-2005.
Update our district policy manual.	A process has been developed to review policies.
Update our district financial system.	The board has made a commitment to do this.
